Ms. A. Betsuie

"Mathematics is an area that can be learned by everyone with practice and confidence. There are areas that are more difficult and some areas where you just "get it!" Some parts are fun and some are boring but you need to try now so you understand the next steps, it all comes together at some point."

Ms. A. Clairmont

"Reading is key. It opens the door to success. If you apply yourself everyday to do your absolute best in your academics, you can accomplish anything. Stay focused and strive for excellence!"

Ms. B. Hernandez

"I would like to introduce the students to the wonders around them and excite their curiosity."

Mrs. S. Manygoats

"I believe incorporating multicultural perspectives in social studies/history education results in a curriculum that best reflects the students' own experiences and fosters a learning environment that is both inclusive and invigorating."

Ms. P. Charlie

"Language arts class will cover the mechanics of writing conventions and the six styles of writing required for 7th grade."

Mr. S. Troglia

"The skills acquired in Technology will enable students to increase their knowledge and better develop individual skills that will help them in their future educational endeavors."

Mr. T. Riese

"I'm looking forward to helping our students learn exciting new concepts which they can incorporate every day to improve their overall health and wellness. Let's get active and make this a fantastic school year!"

Mr. B. Quamahongnewa

"In music class we will: play various instruments, move to, dance to, and perform various types of music; as well as write music for others to perform."

Ms. Seweingyawma

"I provide support to students in the general education setting in all subject areas. Come in to get help on understanding or just to catch up on work."

Mrs. S. Stevens

"The Navajo and Hopi tribes will never be forgotten, ignored, or neglected because we are a part of a greater whole. It is our responsibility to teach our children the importance of culture and language to empower our children to greater understanding of self and others."
